

## **MESSAGE FROM THE ICAC TO THE COUNCIL & MEMBERS OF BICA**

The ICAC has been monitoring news reports on Hurricane Irma and we are deeply saddened by the trail of devastation it has left on some Caribbean islands.

We are very relieved that the impact of the Hurricane on The Bahamas was minimal and that there were no reported casualties or major infrastructure damages.

The ICAC stands in solidarity with the Council of the Bahamas Institute of Chartered Accountants (BICA), its members and the people of The Bahamas and we pray for a smooth restoration process following the passage of Hurricane Irma.

*We cannot choose our external circumstances, but we can always choose how to respond to them. - Epictetus*
